Google claims built-in Nest mic was 'never intended to be a secret'

The feature emerged after Google Assistant support was added to Nest Secure

By [Jon Porter](#) | [@JonPorty](#) | Feb 20, 2019, 4:38am EST

SHARE

Photo by Nick Statt / The Verge

Google has admitted it made an error when it didn't disclose that its Nest Secure home security system included an on-device microphone. In a statement given to [Business Insider](#), a spokesperson from the company said, "The on-device microphone was never intended to be a secret and should have been listed in the

La foto más cutre que encontré
para representar calambrazos

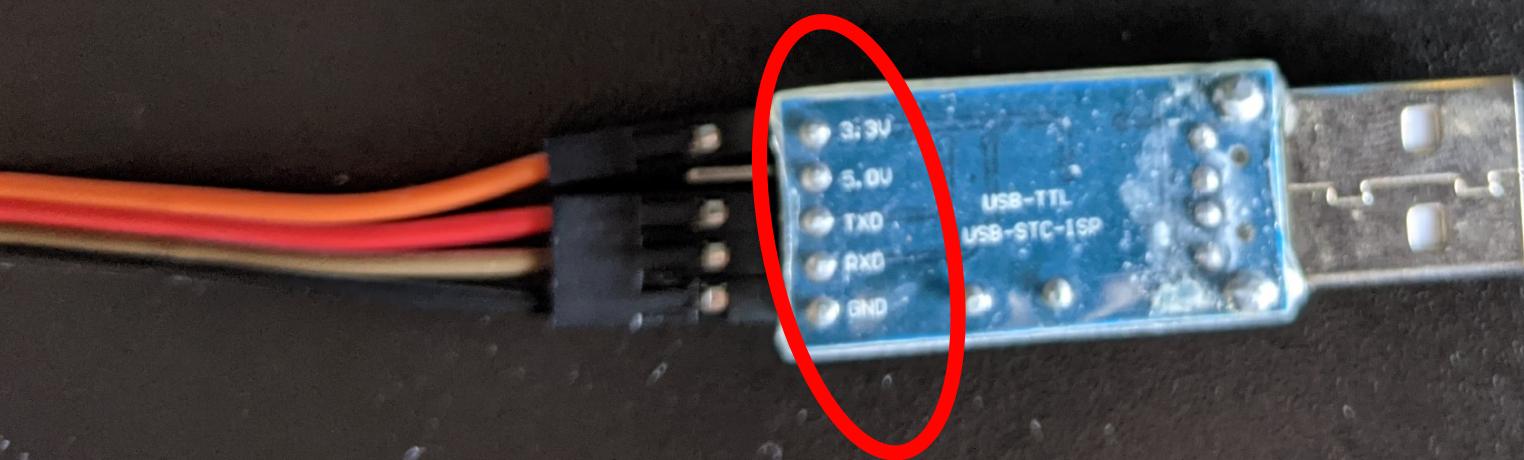

A middle-aged man with grey hair, wearing a blue and white plaid long-sleeved shirt and dark blue jeans, is shown from the waist up. He is holding a black and red power drill in his right hand, pointing it towards the left. A yellow leather tool belt with various tools attached hangs around his waist. He has a shocked or surprised expression on his face. The background is plain white.

...aunque esta es incluso peor
